

CLOTHING, HOUSING & DESIGN PROJECT (10G)

Name: _____ Date: April 14^{13 or} Due: _____

Total Marks 75

upon return to school

Applying Design Elements

GOAL: To design a bedroom using an understanding of the elements of design – SPACE, LINE, FORM or SHAPE, TEXTURE, COLOUR – to reflect personal tastes and personality traits.

Follow each of the four (4) steps to create a final sample board.

1. DRAFT FLOOR PLAN AND ROOM LAYOUT (25 MARKS)

PREVIOUS SHEET GIVEN for draft floor

floor plan / background, furniture/accessories
sheet with templates.

2. Floor plans are probably the most common type of design drawing. Architects use them to design the lay-out of rooms and areas in a home.

Keeping the elements of design in mind - Think about the final look or effect you would like to create through out your bedroom design.

a. Illustrate your bedroom design using a floor plan.

(5)

PART II (25 marks)

DATE: / /

FLOOR PLAN AND ROOM LAYOUT:

(IDEA Board)

A floor plan is an illustration of the arrangement of furniture, structural elements and design elements in a room or home.

IF YOU COULD CHOOSE ALL THE FURNITURE AND ACCESSORIES, WHAT WOULD YOUR DREAM BEDROOM BE LIKE?

ANSWER THESE QUESTIONS FIRST THEN YOU WILL SKETCH.

Using the outline below describe the background using specific examples to describe your wishes for your dream room. For example: are you having wallpaper, are you having a wall mural, paint colors etc. carpet, hard wood etc. Will the windows have blinds, curtains or a flag?

Background	Description	
Wall covering		
Floor covering		
Window treatment		

Furniture	Description	
Bed		
Dresser		
Desk
