Who needs paper and pen for tic tac toe when you can make your own fabric version! Choose fun prints for the Xs and Os, and use a coordinating rick rack on the quilted 'board'. Use the handy pocket on the back to store the X and O game pieces.

Fabrics Needed

Gray solid or tonal for board background, backing, and pocket
Bright stripe for Xs
Bright geometric for Os
Bright print for binding

1/2 yard
One fat quarter
One fat quarter
1/4 yard

Materials Needed

Pellon® 72F Peltex® II Ultra-Firm Stabilizer
Legacy™ by Pellon® Natural Blend Batting
Large rick rack
Fabric marking pen
Contrasting thread
Coordinating thread

Two 3-3/4" x 15" rectangles
One 14" square
Four 13" lengths

Tools Needed

Sewing machine and related supplies
Rotary cutter and related supplies

Cutting and Assembly Instructions

- Cut one 13" square from the gray solid/tonal background.
- Cut one 12-1/2" x 16" rectangle from the gray solid/tonal background.
- Cut one 12-1/2" square from the gray solid/tonal background.
- Cut two 2-1/4" x 42" strips from the bright print for the binding.
- Cut two 4" x 15" rectangles each from the bright stripe and the bright geometric.

Center the 13" gray square right side up on the 14" batting square and pin in place for machine quilting. Using a ruler and fabric marking pen, mark a straight line down the center of the square for the first quilting line.

Using a walking foot, stitch along the marked line. Continue stitching straight lines approximately 1/2" apart across the square using the edge of the walking foot as a guide.

Trim the square to measure 12-1/2".

Measure 4-1/4" in from the left edge and mark a line. Mark a second line 4-1/4" in from the right edge. Turn the square 90° and repeat to draw two more lines.

Cut four 13" lengths of rick rack and pin two in place along the first two lines. Stitch down the center of the rick rack to secure.

Add the remaining two pieces of rick rack on the other two drawn lines in the same manner.

Fold the 12-1/2" x 15" gray rectangle in half widthwise to measure 12-1/2" x 7-1/2". Position this folded piece so the raw edges match on the 12-1/2" gray square, right side up. Measure to find the center point on the folded edge (6-1/4" from the edge) and draw a line to divide the pocket in two. Stitch down this line.

Place the backing with pocket side down and position the quilted square on top, matching raw edge. Pin in place to secure both backing and pocket.

Place the two 2-1/4" x 42" bright print strips as shown. Stitch diagonally on the corner to make one long binding strip.
